

Procedure: web shop

Through the web shop you can place an order for the entire range, from any corner of the world. You will see an up to date product range including pictures. This web shop is a unique ordering system which enables customers to order smaller units. (per box or in some cases even singly) There is no need to install complex programs. You will get a unique customer ID, which you can use to log in to the web shop. Due to the direct online connection we are able to offer you limited items.

To get an impression of the ordering system please have a look below. When you click on the image you will get a bigger picture on screen.

Section Web shop

On the home page you will find the section: web shop.

Welcome page

This is where you log on with your personal I/D.

Calendar

Here you find a clarifying calendar.

When you click on "Caption" at the bottom right corner you will find the explanation of the different colour highlights.

The highlighted boxes  show you the days for which you can place an order. Merely by clicking the box you activate that particular day.

Under Caption you will find extra information on: changed delivery dates due to Holidays, Iris online ordering system (changes, help) etc.

Overview current availability

On the left top corner you can find the different categories:

Here you may choose a relevant category. (for example Ribbon).

By clicking the category desired you will find all products listed under this category.

Per line you will find all details concerning a product.

By clicking on the camera  you

Back to calendar page
If the box has turned green  it means your order has been accepted and is processed successfully. It will be delivered on the day indicated.
